

SAFETY DATA SHEET
FOR
TRAVERFILL (LIGHT OR DARK)

REVISION DATE: 04/24/2015

VERSION 4

PAGE: 1/6

I. PRODUCT AND COMPANY IDENTIFICATION

<u>Repackaging Company</u>	<u>24 Hour Emergency Response Information</u>
Franchise Sourcing, LLC. 2800 W. Airport Ave. Sanford, FL 32771, USA	Infotrac: 1-800-535-5053

Product Name: Traverfill (light or dark)
Synonyms: Traverfill powder

II. HAZARDS IDENTIFICATION

Single Word: CAUTION
Irritating to the eyes and lungs
State of matter: Fine powder
Color: Buff
Odor: Odorless

HMIS Rating:

Potential health effects

Primary routes of exposure: Routes of entry for powder include eye and inhalations

III. COMPOSITION/INFORMATION OR INGREDIENTS

<u>CAS Number</u>	<u>TVL Units</u>	<u>Content (W/W)</u>	<u>Chemical Name</u>
65977-15-1	10mg/m3	>99%	Portland Cement
01-4808-60-7	.1mg/m3	<1%	Silica Sand

IV. HEALTH HAZARD DATA

Aid Measures

General advice: Remove contaminated clothing.
If inhaled: Remove to fresh air, seek medical attention. Assist in breathing if necessary.
If on skin: Wash skin with soap and water
If swallowed: If a large amount has been swallowed do not induce vomiting unless suggested by a doctor.
Obtain medical attention.
If in eyes: Immediately flush eyes thoroughly with water and continue washing for several minutes.
Obtain medical attention and continue flushing until medical attention is available.

NOTES TO PHYSICIAN:

Treatment of overexposure should be directed at the control of symptoms and the clinical condition of the patient.

SAFETY DATA SHEET FOR TRAVERFILL

REVISION DATE: 04/24/2015
VERSION 4

PAGE: 2/6

V. Fire-Fighting Measures

Flash Point (test method(s)): None by closed cup ASTM D 93.

Auto ignition: Non-Applicable

Flammable Limits in Air, by volume:	LOWER:	Non Applicable
	UPPER:	Not Applicable

Suitable extinguishing media: Non-flammable, Non-combustible. Product will not burn.

Special Fire Fighting Procedures: Treat surrounding areas.

Unusual Fire and Explosion Hazards: Non-flammable

Protective equipment for fire-fighting: Fire fighters may need self-contained breathing apparatus.

VI. Accidental release measures

Personal Precautions:

Use personal protective clothing.

Environmental precautions:

Small spills can be sweep up and place in local disposal unit. Larger spills should be collected for disposal.

Waste Disposal Method: Non-Applicable

VII. Handling and Storage

Handling

General advice:

Avoid eye contact. Use NIOSH approved eye protection and NIOSH latex or rubber gloves. Wear suitable protective clothing. Use NIOSH approved dust masks.

Storage

Store in dry area in closed containers. Storage or work area should be periodically cleaned to minimize dust accumulation. Do not use compressed air or dry sweeping to remove dust. Use HEPA filter vacuum system.

Exposure Controls and Personal Protection

Components with workplace control parameters

ACGIH time weighted average: none

NIOSH Recommended exposure limit (REL)

NIOSH Recommended exposure limit (REL)

OSHA Z1 Permissible exposure Limit

OSHA Z1 Permissible exposure Limit

Personal Protection Equipment

Hand protection:

Chemical resistant protective gloves

Eye protection:

Tightly fitting safety goggles (chemical goggles) and face shield.

General safety and hygiene measures:

Wear protective clothing as necessary to minimize contact. Handle in accordance with good industrial hygiene and safety practice.

SAFETY DATA SHEET
FOR
TRAVERFILL

REVISION DATE: 04/24/2015

VERSION 4

PAGE: 3/6

Work Practices: Use good personal hygiene practices. Wash hands before eating, drinking, smoking or using toilet facilities. Promptly remove soiled clothing and wash thoroughly before reuse. Shower after work using plenty of soap and water.

VI. Physical and Chemical Properties

Form:	Fine powder	
Odor:	Odorless	
Color:	Buff	
pH Value:	3	
Freezing Point:	Not Applicable	
Melting Point:	Not determine	
Evaporation Rate:		
(Butyl Acetate = 1)	None	
Specific Gravity:	(H ₂ O =1)	3.1
Solubility in water:	<1%	
Vapor Density:	Not determine	
Vapor Pressure:	Not determine	

VIII. Stability and Reactivity

Conditions to avoid:

See SDS section 7 – Handling and storage

Hazardous reactions:

No hazardous reactions when stored and handled according to the instructions. This product is chemically stable.

Incompability: Hydrofluoric acid, Bleach.

Decomposition products:

Hazardous decomposition products: No hazardous decomposition products if stored and handled as prescribed/indicated.

IX. Toxicological Information

Ecotoxicity: Not data available.

Aspiration Hazard:

Result: No aspiration hazard expected.

X. Ecological Information

Toxicity: Not expected to be an eco-toxic or bio-concentrate in the food chain.

XI. Disposal considerations

Waste disposal of substance: Not classified can be disposed of in accordance with 40 CFR 261 and 262. Disposal of in accordance with Federal, national, state and local regulations. It is the waste generator's responsibility to determine if a particular waste is hazardous under RCRA.

Container disposal:

Disposal of in a licensed facility. Recommend crushing, puncturing or other means to prevent unauthorized use of used containers.

XII. Transport Information

Land transport: USDOT Not classified as a dangerous good under transport regulations.
Proper Shipping Name: N/A
UN Number: N/A
Class: N/A
P.G.: N/A
Label Code: Single word: CAUTION

Sea transport
IMDG Not classified as a dangerous good under transport regulations

Air transport Not classified as a dangerous good under transport regulations

XV. Regulations

This product is not an insecticide therefore is not registered with the EPA.

The concentrations shown are maximum or ceiling levels (weight %) to be used for calculations for regulations.
Trade Secrets are indicated by "TS."

Federal Regulations

Registration status:
Chemical TSCA, US released / listed

Comprehensive Environmental Response, Compensation, and Liability Act of 1980 (CERCLA) requires notification of the National Response Center of release of quantities of Hazardous Substances equal to or greater than the Reportable Quantities (RQs) in 40 CFR 302.4. Components present in this product at a level, which could require reporting under the statute, are:

**** NONE ****

Superfund Amendments and Reauthorization Act of 1986 (SARA) Title III requires emergency planning based on Threshold Planning Quantities (TPQs) and release reporting based on Reportable Quantities (RQs) in 40 CFR 355 (used for SARA 302, 304, 311 and 312). Components present in this product at a level, which could require reporting under the statute, are:

**** NONE ****

Superfund Amendments and Reauthorization Act of 1986 (SARA) Title III requires submission of annual reports of release of toxic chemicals that appear in 40 CFR 372 (for SARA 313). This information must be included in all SDS that are copied and distributed for this material. Components present in this product at a level, which could require reporting under the statute, are:

CHEMICAL:	CAS NUMBER	UPPER BOUND
CONCENTRATION %		

STATE Regulation "Right-To-know"
CALIFORNIA Proposition 65

This product contains no levels of listed substances, which the State of California has found to cause cancer, birth defects, or other reproductive harm, which would require a warning under the statute.

CALIFORNIA RULE 443.1 VOC'S: **** NOT APPLICABLE ****
MASSACHUSETTS 105 CMR 670.000 Right-To-Know, Substance List

Hazardous Substances and Extraordinarily Hazardous Substances on the MSL must be identified when present in products. Components in this product at a level, which could require reporting under statute, are:

**** NONE ****

PENNSYLVANIA Right-To-Know, Hazardous Substance List

Hazardous Substances and Special Hazardous Substances on the List must be identified when present in products. Components present in this product at a level, which could require reporting under the statute, are:

**** NONE ****

TSCA/Canadian DSL INVENTORY STATUS: The ingredients of this product are on the TSCA inventory.

XVI. Other Information

NFPA Hazard codes:

Health: 1 Fire: 0 Reactivity: 0 Special: 0

HMIS III rating:

Health: 1 Flammability: 0 Physical hazard: B

NFPA and HMIS use a numbering scale ranging from 0 to 4 to indicate the degree of hazard. A value of zero means that the substance possesses essentially no hazard; a rating of for indicates extreme danger. Although similar, the two rating systems are intended for different purposes, and use different criteria. The NFPA system was developed to provide an on-the-spot alert to the hazards of a material, and their severity, to emergency responders. The HMIS system was designed to communicate workplace hazard information to employees who handle hazardous chemicals.

We support worldwide Responsible Care® initiatives. We value the health and safety of our employees, customers, suppliers and neighbors, and the protection of the environment. Our commitment to Responsible Care is integral to conducting our business and operating our facilities in a safe and environmentally responsible fashion, supporting our customers and suppliers in ensuring the safe and environmentally sound handling of our products, and minimizing the impact of our operations on society and the environment during production, storage, transport, use and disposal of our products.

REVISION DATE: 04/24/2015
VERSION 4

PAGE: 6/6

MARBLELIFE urges customers or recipients of this SDS to study it carefully to become aware of and understand the hazards associated with the product. The reader should consider consulting reference works or individuals who are experts in ventilation, toxicology, and fire prevention, as necessary or appropriate to use and understand the data contained in this SDS.

To promote safe handling, each customer or recipient should notify its employees, agents, contractors and others who it knows or believes might come in contact with this material of the information in this SDS and any other information regarding hazards or safety.

Revised Sections:

12/2008: Section 1: New product identification
01/2011: Section 1: Address change
11/23/2014 Modification of this SDS per Hazard Communication Standard (HCS) to conform with the United Nations' (UN) Globally Harmonized System of Classification and Labeling of Chemicals (GHS) and per HazCom 2012.
04/24/2015: Section 1: Address change
